

Northshore Cooperative Preschool REGISTRATION CHECKLIST

Thank you for choosing NCP! Please review this checklist to ensure your registration packet is complete upon submission.

STAGE 1: APPLICATION

The application form is required for:

- Families new to NCP
- NCP Alumni
- Current NCP families wanting to enroll a new student
- Current NCP families wanting to enroll a Honeybee Family class student in an age-specific class

The application form is NOT required for:

- Students currently enrolled in an age-specific class (Inchworms, Caterpillars, or Ladybugs). These students are guaranteed a spot in the next age group during the annual registration week in January/February. Please skip to Stage 2 if your student is continuing to the next age group.

A. NCP Application Form

- Please complete one form per child.
- Indicate which parent/guardian will work in the classroom most often by checking the “Primary Classroom Parent” box by their name. If another non-parent adult will be attending with your child on a regular basis, please list them as an “Other Primary Classroom Adult”.
- Read the registration information.
- Sign and date the bottom of the page.

If your application is accepted, and a spot is available in your chosen class, you will be asked to complete an enrollment package (Stage 2). (During the annual registration week, current families whose children are not moving up to the next age group may submit the enrollment package along with their application. However, this is optional, and does not guarantee your child a place in class.)
